

Our District

SOBRO HEIGHTS

SoBro Heights lies along the Railway Gulch in the south end of the SoBro neighborhood. It is bounded by Union Station to the west, 10th Avenue and Lea Avenue to the north, and 8th Avenue to the east. This district and its establishments were historically integral to the railway, from the thousands of visitors who arrived at Union Station to the industrial, warehousing, and manufacturing facilities that lined the heights of the Gulch. Eventually the music scene migrated into these facilities, drawn by the raw and honky tonk nature that was SoBro. SoBro Heights as envisioned in this Master Plan will retain those unique personality features while expanding into new opportunities. Eight distinct districts are proposed with a rich variety of hospitality, entertainment, offices, and residential spaces.
